EDUCATION

Bachelor of Computer Science Engineering

Budapest University of Technology and Economics

2024-2028

SKILLS

- Java
- Spring Boot
- Python
- Problem Solving
- Communication Skills
- C/C++
- PostgreSQL/MySQL

LANGUAGE

- English
- Turkish
- Russian

PROFILE

20 year old software development enthusiast with a growing passion for building applications and solving real-world problems through code. Focused on Java and Spring Boot, exploring backend development and modern web application design. Eager to improve skills in software engineering.

WORK EXPERIENCE

Emerson

2024-2024

Software Engineer Intern

- Developed a desktop application in Python to support internal workflows and improve process efficiency.
- Designed and implemented a functional user interface to improve usability
- Gained hands-on experience in software development lifecycle, debugging, and collaborative teamwork within a professional environment.

PROJECTS

• StarTech – Web Application for IT Services

Java, Spring Boot, PostgreSQL

- Developed a web app where companies can purchase IT services and users can share blogs.
- Designed an admin panel for managing services, users, and blog content.
- Implemented secure authentication with role-based access control.
- Applied Spring Boot & PostgreSQL for scalable backend and data management.
